

HIGHER FAILSWORTH PRIMARY SCHOOL

Meet the Governors – Charleen Bird

As a resident of Failsworth all of my life and a past pupil of the school I am excited to take up the role of governor at Higher Failsworth this year. I have been a secondary school teacher of Computer science and ICT for 23 years serving the local community. I am passionate about education and how schools should educate the whole child. As a parent I see the importance of the links between home and school in order for all students to achieve their full potential.

My hobbies include watching football and national league futsal along with eating out and going to the cinema.
